Full Stack Software Engineer

Boston, MA | 559-691-9294 | winnie.bolm@gmail.com | [GitHub](#) | [Portfolio](#) | [LinkedIn](#)

A motivated and responsible software engineer who is passionate about creating better user-interface experiences. I have a strong work ethic and am quick to identify and resolve problems. I am highly driven, capable, and always want to learn more. I work well with teams as well as independently. I am a quick learner who loves to take on challenges. I am like a glass of water—I'm not empty, but I will never be full, as I always seek to learn more.
